Nau mai, haere mai ki Te Taihū.

Welcome to our home, located in the heart of Aotearoa New Zealand. Nelson Tasman is where all the country's best bits are distilled into a single destination: where Abel Tasman is just one of three national parks, craft beer, wine and cider, high sunshine hours and the clearest lake in the world are just the beginning.

Desired as a place to reconnect, revive and recharge, protecting the pristine environment is just a way of life at the Top of the South, Te Taihū. Our tourism businesses are the guardians of the stunning natural landscapes they work within. They work together to nurture the local flora and fauna that make this area special.

This map is designed to help you discover the best of the region, whether that is exploring the path of Makers, Creators & Curators, leaving no trace on the Light Footprint journey or experiencing the outdoors in Wellness & Trails. Create your journey by connecting the dots and make the perfect itinerary for you. There is something for everyone, so take your time, and find your way in this beautiful place we call home.
